

## **Biosorb**

is a concentrated formula liquid deodorizer for portable toilets. It is based on natural bacterial & enzyme technology. It has the ability to control uncomfortable foul odors in portable toilets in all seasons, especially in hot & humid summer months. It contains a non-staining royal blue colour to hide toilet waste and has appealing fruity perfumes. **Biosorb** liquid also helps breaking down toilet paper and waste which helps pump out.

**Direction for use:** Use 1-2 oz directly in to the toilet, or alternately, pour the contents of one or two pails (6 gal.) of the product into an empty 208 litre (55 gal.) drum and fill the rest with water. Stir thoroughly. This is now a Ready to Use (RTU) liquid. Use 120 ml. (4 oz) per toilet per week. Hot & humid conditions may require more product.

### **Toxicity of material**

Contents are eye & skin irritating and can cause harm if taken internally. The contents are expected to biodegrade. Contents are unlikely to corrode any plastic surfaces.

### **Product specification**
